While Mytee® Products, Inc. is a relatively young company, its roots go back decades. After doing janitorial cleaning for several years in the Los Angeles, California area, John LaBarbera started building carpet cleaning machines in his father, Frank LaBarbera's garage in 1977. The Carpet Jenny Company was thus formed and Frank and John became partners, moving the company to Colorado Springs, Colorado in 1978. In 1990, the company was sold and the families moved back to California, settling in the San Diego area. In 1994, John started a company centered on a portable water heater product, the Mytee® Hot, thus the name Mytee® Products. In 1995, carpet cleaning and auto detailing machines were added to the line.

In 2000, Mytee® acquired the assets of The Hild Floor Machine Company. Hild's history goes back an impressive 84 years to 1927 when Fred Hild began building floor machines. In the 1940s, Joseph Roti, who had acquired the Hild company at the time, developed the first shower feed carpet brush that allowed rugs to be cleaned in the home, instead of the inplant cleaning method. Thus, Hild became the originator of On-Site Carpet Cleaning, and the beginning of a new innovative industry was born. Mytee® Products, a family owned company, is thus also the oldest company in the industry today. And we are proud to be in this industry and of our history.

Our goal is to offer the best quality products with the best customer service and at the lowest price possible.

Extractors

Why Buy Mytee®?

Carpet. Upholstery. Drapes. Automotive. Tile. Grout. We do it all. Our machines are made to tackle the toughest cleaning jobs you'll face. Use them for deep periodic cleaning, or for day-to-day maintenance and spill cleanup.

Our machines were designed with cleaning professionals in mind. Every Mytee® product is designed and built with industry leading features that set them apart from the competition.

All of our machines are built on-site at our California plant. Our machines undergo extensive factory testing to ensure that they meet rigorous quality standards. Mytee® extractors are covered by the strongest warranty in the industry. Every part has quality built in.

Mytee® Products' equipment represents the cutting edge in cleaning technology. Nobody else even comes close.

Extractors for professionals

Speedster® LTD

The Speedster® LTD line of extractors will take your cleaning capabilities to the next level with the combination of power, versatility, and efficiency. Available in both heated and cold water models, the Speedster® LTD will change the way that you look at portable extractors! The Speedster® LTD features:

- 11 gallon solution tank (approx.).
- Waist-high switches.
- Bucket-high drains.
- Auto pump-out.
- 10" semi-pneumatic wheels.
- 4" locking casters.

LTD3

- Dual 3-stage vacuum motors.
- Auto-fill kit & auto pump-out.
- 200 CFM.
- 130" water lift.
- Adjustable 0-500 PSI pump.
- 1,600 watt heater - 210°F maximum.

LTD12

- Dual 3-stage vacuum motors.
- Auto-fill kit & auto pump-out.
- 200 CFM.
- 130" water lift.
- Adjustable 50-900 PSI pump.

LTD5

- Dual 3-stage high performance vacuum motors.
- Auto-fill kit & auto pump-out.
- 230 CFM.
- 144" water lift.
- Adjustable 0-500 PSI pump.

Switchplate featuring dual circuit indicator light strip.

EZ Wands - A high quality, dual jet, 12" carpet cleaning wand. (Optional)

1000DX-200

- Dual 3-stage vacuum motors.
- 200 CFM.
- 130" water lift.
- 220 PSI adjustable pump.

1001DX-200

- Dual 3-stage vacuum motors.
- 200 CFM.
- 130" water lift.
- 220 PSI adjustable pump.
- 2,000 watt heater, maximum 210°F heat.

1003DX

- Dual 3-stage vacuum motors.
- 200 CFM.
- 130" water lift.
- 0-500 PSI adjustable pump.
- 1,600 watt heater, maximum 210°F heat.

1005DX

- Dual 3-stage high performance vacuum motors.
- 230 CFM.
- 144" Water lift.
- 0-500 PSI adjustable pump.

Clear "T" handle lid.

Easy faucet fill.

Prime valve rinse hose.

Spinners® - Tile and grout cleaning tools. (Optional)

Vacuum and Solution hoses - Crushproof vacuum hose and high pressure solution line. (Sold separately)

Mytee® Hot Turbo - External heater for cold water extractors. (Optional)

Make Carpet Cleaning a Breeze™

Breeze™

- Dual circuit indicator light and tone.
- Bucket-high drains.
- Lighted power cords.
- 12" rear wheels & 4" locking casters.

BZ-105

BZ-101 REAL HEAT™

- Dual 3-stage vacuum motors in *air series*.
- 99 CFM.
- 226" water lift.
- 220 PSI pump.
- 2,000 watt heater, maximum 210°F heat.

BZ-105

- Dual 3-stage high performance vacuum motors in *air series*.
- 113 CFM.
- 249" water lift.
- 500 PSI piston pump.

BZ-101

Escape™ Electric Truckmount

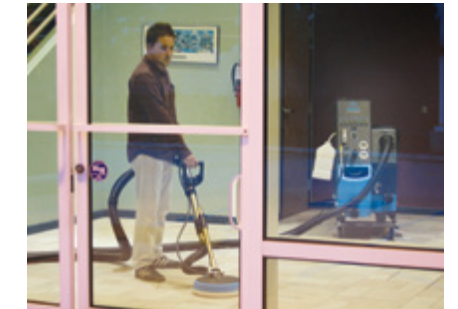

No gas!

Less noise!

Environmentally friendly!

Go Portable!

The Escape™ ETM comes with a cart so you can get it out of the truck and into the facility you're cleaning. This allows you to wheel in to the building and close the doors behind you; a very useful feature for banks or government facilities where security is very important.

Meet the Escape™ ETM, our revolutionary electric truckmount system. The Escape™ has broken the mold of traditional truckmounts, offering the power of a truckmount with the mobility of a portable. It also produces **zero emissions** and is great for hospitals, churches, private high rises, and more. From carpet and upholstery, to hard surface cleaning and flood extraction, the Escape™ ETM does it all.

Features

- 12 gallon solution and recovery tanks.
- **Powerful** quad 3-stage vacuum motors.
- **Heavy-duty** piston pump. Adjustable from 50-900 PSI.
- 35 GPM auto pump-out.
- 325 CFM
- 230" H2O or 16 1/2" Hg
- Auto-fill from garden hose.
- Chemical metering.
- **Can be run from a generator, saving you money on gas!**

Included Items

- Cart: contains 4" locking front casters & 10" rear wheels.
- 25' pump-out vacuum hose with cam lock connection.
- 3 Prong 30 amp dryer adaptor cord.
- 4 Prong 30 amp dryer adaptor cord.
- Two 50' 12/3 twist lock power cords.
- 5-quart Big Mouth Bottle.
- 2" x 2.5" Cuff-Lynx™ reducer.
- 2.5" x 2.5" swivel Cuff-Lynx™.

Cam lock connection for 35 GPM auto pump-out.

Chemical metering.

Waterproof switches for added protection

Pressure unloader

Auto fill from a garden hose.

Includes 15" vacuum and solution hose and 12" wand. Features a 1,200 watt in-line heater.

Clear plastic recovery tank lids allow you to see when it's time to empty the tank.

Included accessories.

Built-in stainless steel debris filter.

The Flood Hog™ can also be used as a vacuum booster!

2002CS Contractor's Special™

The 2002CS Contractor's Special™ is a package deal, designed to allow you to take on the toughest carpet and upholstery cleaning jobs. We provide you with not only a quality hot water extractor, but also the tools you need to get the job done.

Features

- Powerful 3-stage vacuum motor.
- 120 PSI diaphragm pump.
- 1,200-watt in-line heater that produces hot water up to 210° F to quickly break up grease and dirt.
- User-friendly waist-high switches, easy-open lid, bucket-high drain, and non-marking wheels.

Included Items

- 15' crush-proof vacuum and high pressure solution hose combo.
- 8300 EZC 12" dual-jet stainless steel collapsible wand with Comfort Grip handle.
- Heatguard™ Hose Wraps.

7000S Flood Hog™

In a flood situation, getting the water out is the first priority. The quicker this is done, the less long term damage there will be. Mytee's® new 7000S Flood Hog™ is the best tool in the industry for this task, allowing you to quickly and efficiently extract water. Oh, did we also mention that *it also doubles as a vacuum booster?*

Features

- The Flood Hog™ continuously discharges at 35 GPM, so you never have to stop mid-job to empty it.
- Powerful dual 3-stage high performance vacuum motors that produce 249" of water lift.
- *New* built-in stainless steel debris filter.
- Dual 25' lighted power cords.
- Dual circuit indicator light & tone.
- 10" wheels and 4" locking casters.

Included Items

- Adjustable flood wand with a scalloped head for carpets and textiles and a squeegee head for tile and other hard surfaces.
- Durable 25' x 1.5" pump-out hose.
- Durable 25' x 1.5" extraction hose.
- Convenient 2" to 1.5" Cuff-Lynx™ reducer.
- 2" Cuff-Lynx™ plugs (x2).

Use as a single vacuum booster with an extractor.

Connect multiple Air Hogs™ together for a daisy-chain setup.

Use as a stand-alone extractor with a carpet wand or Mytee's® T-REX™.

7303 Air Hog™

With this specially designed Air Hog™ model, you add 145" of water lift to your existing extractor for unmatched performance on long hose runs, giving you increased suction, leaving carpets dryer. This versatile unit can also be used as a stand-alone extractor with your Mytee® T-REX™ or carpet wand, or you can "daisy chain" multiple boosters to complete bigger jobs more efficiently, without unnecessary downtime.

Features

- 3-stage vacuum motor, 115 CFM.
- 145" of water lift.
- Pumps out at 3.3 GPM.
- Mytee's® Lint Hog™ filter – Protect your investment.

Included Items

- Cuff-Lynx™ plugs for rear ports.
- Garden hose to quick connect fitting, allowing you to attach a garden hose to the pump-out.

Includes Hose-n-Hose™ vacuum and internal solution hose combo and 4" upholstery tool.

Included storage basket for accessories.

Includes helpful drain hose.

8070 Mytee Lite™

Bring on the heat. Are you looking for a carpet and upholstery cleaning machine that can do the job of a full size extractor, but is small and lightweight enough to transport effortlessly? Meet the Mytee Lite™, the industry's best-selling carpet and upholstery machine and the first of its size to include an on-board heater for maximum cleaning power.

Features

- Powerful 3-stage vacuum motor.
- 120 PSI diaphragm pump.
- 1,000-watt in-line heater that produces hot water up to 210°F to quickly break up grease and dirt.
- Easy-open lid, bucket-high drain, and non-marking wheels.

Included Items

- 15' Hose-n-Hose™ vacuum and internal solution hose combo.
- 4" stainless steel upholstery tool.
- Heatguard™ Hose Wraps

Included with hose & upholstery tool.

Easy drain cap with tether.

15' lighted power cord.

Included with hose & upholstery tool.

Easy drain cap with tether.

25' lighted power cord.

S-300 Tempo™

Don't let spots become stains!

When a spill happens, it's vital to get to it quickly before it sets in. The Tempo™ spotter is the biggest little machine on the market. With this compact powerhouse, you can set up, clean up, pack up, and continue on to your next job in just minutes.

Features

- 1 gallon solution and recovery tanks.
- The most powerful vacuum in its class, producing 85" of water lift.
- 55 PSI pump.
- Only 20 lbs!

Included Items

- 8' Hose-n-Hose™ vacuum and internal solution hose combo.
- 4" stainless steel upholstery tool.
- Heatguard™ Hose Wrap.

S-300H Tempo™ w/ Heat

Don't let its small size fool you – Mytee's® S-300H Tempo™ Heated Extractor is a powerhouse. Perfect for both carpet and upholstery spotting, the 600 watt heated S-300H Tempo™ packs a lot of power into a small package. And at only 26 pounds, you'll find that the Tempo™ takes a load off your back, without taking a load out of your wallet.

Features

- 1 gallon (approx.) solution and recovery tanks.
- The most powerful vacuum in its class, producing 85" of water lift.
- 55 PSI pump.
- 600W heater - 210° max.
- Only 26 lbs!

Included Items

- 8' Hose-n-Hose™ vacuum and internal solution hose combo.
- 4" stainless steel upholstery tool.
- Heatguard™ Hose Wrap.

- 1 horsepower motor which generates 1,725 oscillations per minute.
- 4 gallon solution tank with faucet fill hose and drain cap.
- 100 PSI spray pump.
- 10" non-marking foam-filled wheels.
- Stainless steel levers.
- Heavy duty stainless steel deck plate.
- Very low moisture system for water conservation.

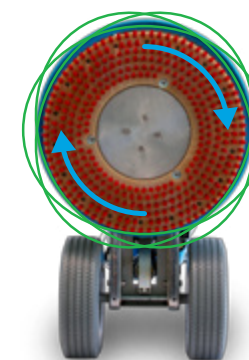

ECO-17-EX Features

- 17" cleaning path.
- 1 horsepower motor which generates 1,725 oscillations per minute.
- 10" non-marking foam-filled wheels.
- Stainless steel levers.
- Heavy duty stainless steel deck plate.

NOTE: Does not feature spray system capability.

Orbital All-Surface Floor Machines

Mytee's® new Orbital All-Surface Floor Machines use orbiting technology to combine two movements that thoroughly clean carpet fibers. First, the head rotates around the center of the driver plate, producing a second random orbital movement that results in little to no torque for smooth operation.

Orbiting Technology

Orbiting technology is a unique system using an off-set gear to produce two separate movements to clean more effectively.

1. The head rotates around the center of the driver plate.
2. The offset gear produces a second random orbital movement that results in little to no torque for smooth operation.

Floor Machines

STEAM CLEAN like a PRO

**NEW
PRODUCT**

Included Attachments

-  Accessory Adaptor - VS10
-  Detail Nozzle - VS06
-  Steam Attachment - VS03

Continuous Flow

1500 Focus™ Vapor Steamer

Mytee's® new Focus™ Vapor Steamer easily cleans a multitude of areas and surfaces. With high-temperature steam, you can remove stubborn dirt, grease, grime stains and soap scum. Quickly clean and disinfect upholstery and bedding, clean hard surfaces, and remove gum from floors.

Features

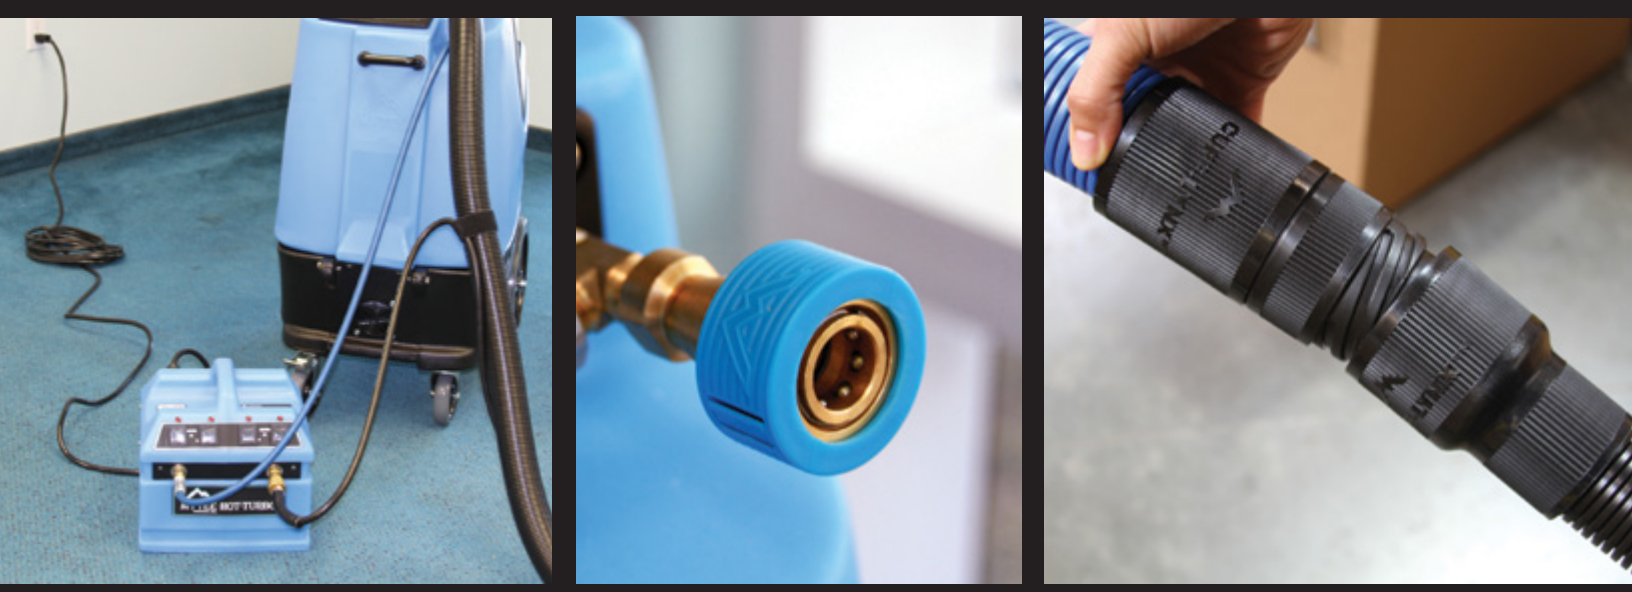

- 5-gallon solution tank capacity.
- 55 PSI.
- **NEW** Continuous Flow capability. NO waiting for the machine to cool down to refill the tank!
- Disinfecting steam up to 350°F.
- Various attachments included.
- Easy-push handle for easy transportation and storage.
- High pressure, high temperature professional spray gun and hose.

Multiple Applications!

No more down time! Now when you need more steam, just hold down the pump switch for 15 seconds and the Focus™ will start building up more steam. You don't need to wait for the Focus™ to cool down before adding more water!

Vapor Steamer

Bentley™ Wands— The best high performance wands in the industry!

The swivel head allows you to easily clean under desks and other furniture.

Includes a wand coupler so you can tailor your wand to your height!

Step it up with Mytee's® Bentley™ Stair Tool!

Patent Pending

8314T Bentley™ Carpet Wand

Mytee® has revolutionized carpet cleaning with our cutting-edge Bentley™ Carpet Wand. We've created the Bentley™ with innovative features and design elements that will take your carpet cleaning capabilities to the next level.

Built from durable titanium, the Bentley's™ lightweight and ergonomic design reduces operator strain and fatigue caused by standard cleaning wands. Its 2" vacuum tube and specially designed wand head maximize airflow for optimal recovery, while its five solution jets give you total coverage for the ultimate cleaning performance.

Features

- Durable titanium tube.
- 2" vacuum tube and specially designed vacuum head allows for maximum CFM.
- Swivel head which allows the wand to run almost completely flat— clean under furniture without having to move it.
- Built-in sight window allows you to monitor dirt and grime extraction.
- Polished aluminum die-cast head with spray shields.
- Stainless steel glide with Positive Ventilation™ makes movement over carpet easier and allows for maximum recovery.
- FeatherTouch™ solution spray valve.

8012ST Bentley™ Stair Tool

For cleaning stairs, Mytee's® 8012ST Bentley™ Stair Tool is a must-have with unmatched quality and performance. Built from durable, lightweight polished titanium, this tool allows you to easily clean stairs without breaking your back. Everything about our user friendly stair tool is designed to reduce operator strain and fatigue.

Features:

- Feathertouch™ Spray Valve.
- One-of-a-kind Powerstroke™ ErgoGrip for reduced operator fatigue. *Patent Pending.*
- 12" cleaning path.
- 2" polished titanium tube for maximum recovery and durability.
- Dual jets for total coverage.

Accessories

The Mytee Dry™ leaves upholstery drier!

**NEW
PRODUCT**

8400DX Mytee Dry™ Upholstery Tool

Mytee's® new Mytee Dry™ Upholstery Tool was designed with the operator in mind. Everything from the soft-feel comfort grip to the easy-access flow valve was designed to keep you, the professional cleaner, as comfortable as possible while on the job. On top of that, the Mytee Dry™ has incredibly fast drying times.

Features

- New soft-feel comfort grip for reduced operator strain.
- Nylon housing for a strong and lightweight tool.
- Braided stainless steel internal solution hose.
- Clear top allows user to see dirt and grime being extracted.
- Easy-access adjustable flow valve.
- Vacuum relief valve.
- Sleek design eliminates valve lever catching on fabric.
- 4" stainless steel glide eliminates overspray and dripping.
- Spray bar with 22 individual spray orifices for even spray pattern. No more streaking!
- New patent pending Snap-n-Lok™ Cuff-Lynx™ makes for easy solution hose replacement.

Included Items

- Mytee® Carrying Pack.
- Mytee® foam kneepad.
- 15' vacuum & internal solution hose combo.
- Cuff-Lynx™ Hose Connector.
- New patent pending Snap-n-Lok™ Cuff-Lynx™.
- 1.5" vinyl cuff barb to barb fitting.
- Heatguard™ Hose Wrap.

Easy-access flow valve – quickly adjust flow with just your thumb!

Vacuum relief valve allows you to reduce suction power for more delicate fabrics.

Stainless steel glide allows you for fluid back-and-forth cleaning movement.

See how much dirt and grime you're extracting with the clear top.

Low profile for cleaning under toe kicks and hard to reach areas.

Wand style Spinner®. An industry first!

Counter Spinner®.

Removable brush ring with built-in vacuum relief.

Available in 1.5" or 2" models.

Spinner®

We've put a brand new spin on cleaning with our Spinner® line of hard surface cleaning tools.

Designed with the professional in mind, Mytee's® Spinners® can take on a wide variety of surfaces, including concrete, grouted tile, ceramic tile, rubber studded floors, and more. Spinners® use high pressure to simultaneously power wash and extract water from hard surfaces for instant drying.

Features

- High quality, long-lasting, carbide swivels.
- Low profile for cleaning under toe kicks and hard-to-reach areas.
- Removeable brush ring.
- Built-in vacuum relief.

The Lineup

- 8901 – Wand style, 2" tube.
- 8902 – T-Handle style, 2" tube.
- 8903 – Wand style, 1.5" tube.
- 8904 – T-Handle style, 1.5" tube.
- 8908 – Counter Spinner®, 1.5" vacuum hose.

F200 Lint Hog™

There's a new hog in town.

Keep your extractors and truckmounts debris-free with our specially designed filter attachment. The Lint Hog's™ stainless steel strainer basket traps dirt, lint, and other debris as it moves from the wand to the recovery tank, keeping your extractor's vacuum motors from being damaged.

Features

- Durable roto-molded polyethylene construction.
- Stainless steel strainer basket.

Included Items

- Two Cuff-Lynx™ hose connectors.
- Package of O-rings.
- Package of 25 nylon Piglet™ Filters to line the Lint Hog's™ stainless steel strainer basket.

The T-80R Recovery Tank™ T-80S Solution Tank™

Mytee's® truckmount recovery and solution tanks are revolutionizing the industry with their winning combination of performance, efficiency, and versatility. Find out what many satisfied carpet cleaners already know, and add The Tank™ to your truck or van today!

Features

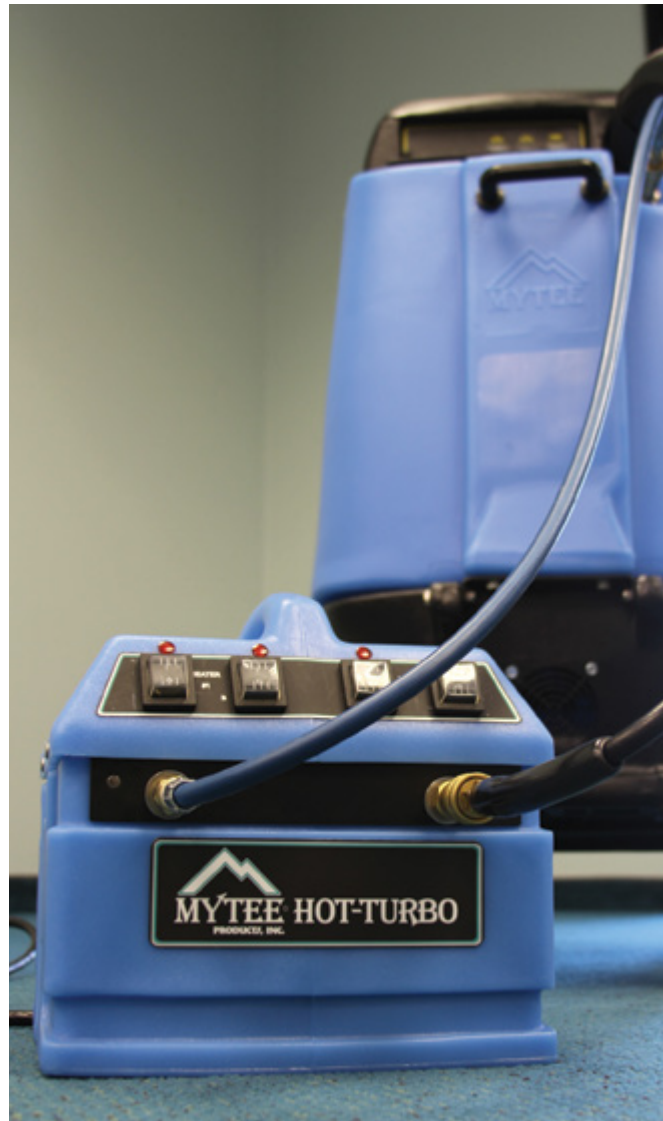

- Durable, lightweight roto-molded polyethylene construction.
- Baffle design reduces water movement during transport and allows for maximum airflow.
- Slim design makes it easy to place in many different positions in a van or truck.

EZ-Glider™ Carpet Cleaning Wands

We have set the new standard for carpet cleaning with our high performance EZ-Glider™ wands. Built from durable stainless steel, the EZ-Glider™ gives you the high quality that you've come to expect from a cleaning wand.

- 10" and 12" models available.
- Rated to over 3,000 PSI.
- Effortless, snag-free cleaning.

240-120 Mytee® Hot-Turbo

Turn up the heat.

Do you have a cold water extractor, but need the cleaning power of hot water? With our innovative portable heater, you can turn your cold water extractor into a heated extractor.

- Select either 600, 1,200, 1,800, or 2,400 watts of heat.
- 210°F maximum temperature.
- 500 PSI maximum pressure.

Cuff-Lynx™ Hose Connectors

Make connecting vacuum hoses easier than ever before with Cuff-Lynx™ hose connectors. Made of durable nylon, Cuff-Lynx™ are built solid to resist cracking, even in low temperatures. Cuff-Lynx™ are state-of-the-art, and feature interlocking 2" or 2.5" female and male threaded connectors, and a positive "O"-ring seal that prevents leaks and provides better suction.

A500 Modular Shelves

Have a lot of chemicals? Keep them organized with Mytee's® shelving system. Our mounting kits make it great for vans.

A505 Bottle Holder

Easily attach Mytee's® bottle holder to any van for extra storage.

P535 Big Mouth™ Replacement Bottle

Use the Big Mouth™ to replace worn injection bottles. Our user-friendly bottles feature a graduated translucent tank for precise measuring, an easy-fill port, and a tethered cap. They are constructed from durable roto-molded polyethylene that is resistant to cracks, dents and leaks.

P533 Injection Sprayer Holder

Conveniently store your injection bottle and spray gun attachment safely in your truck or van with our bottle holder. Save storage space and free up room for your other equipment.

Electrical Converter Kits

With Mytee's® Electrical Converter kit, you can split a single 230 volt, 30-amp circuit into two usable 115 volt circuits. Designed with built-in circuit breaker protection, our Converter Kit works great with all Mytee® extractors. Available in a 3 or 4-prong conversion.

P507 Transport Tray

With the transport tray, there is now a convenient way to hold your wand, power cord, vacuum hose (up to 50'), chemical, and upholstery tool. It's simple- just attach the transport tray to your extractor unit and say goodbye to the burden of carrying around supplies.

A104 Heatguard™ Hose Wraps

The Heatguard™ Vacuum and Solution Hose Wraps are made from Closed Cell Neoprene (wet-suit material) that guards you from heated solution lines and quick disconnects. These are much more efficient and reliable than your basic velcro straps. Comes in a pack of 5.

3601 System Maintainer

This solution keeps your pump, hoses, and heaters clean and running trouble free. Pack of 12, one-quart bottles.

A501 Wall & A503 Floor Mount Kits

The wall and floor mount kits prevent shelves from leaning or collapsing assuring that supplies are safely stored.

P590 Cuties™

Cuties™ are protective caps that attach to quick disconnect fittings, making them safe to touch — no more burns!

8400 Upholstery Tool

Make upholstery cleaning easy with this 4" stainless steel upholstery tool.

8700 Crevice Tool

Narrow spaces and hard to reach areas are no longer difficult to clean with this stainless steel crevice tool.

Vacuum and Solution Hose Combos

Mytee's® 15', 25', and 50' vacuum and solution hoses are tough enough to handle high heat, increased vacuum and aggressive chemicals while maintaining flexibility over time.

(Pack of 25)

G008 Piglet™ Filters

These filters line the Lint Hog's™ stainless steel strainer basket and trap debris to keep it from reaching your extractor's motor.

H349 Pump Heat Sink

Dissipates heat away from your pump causing it to run cooler and last longer. For use with pumps C305, C305A, C306, C306A, C322D, C323D.

A949 Muffler Assembly

Great for reducing noise, these Cuff-Lynx™ Muffler Assemblies fit on all Speedster® LTD and Speedster® models as well as the Escape™ Electric Truckmount.
