

# Affordable Value . . . Radical Performance!

**HydraMaster**  
We've Got Your Back

**BOXXER 318 Series**

**NEW!**

Now Comes Standard

**HydraClutch™**

Perfect for Water Damage  
Restoration

BOXXER 318

BOXXER 318HP

Perfectly sized for companies who do residential and light commercial who also do water damage restoration!

Now with the new **HydraClutch**, it is ready to put extra dollars in your pocket through water extraction and flood damage restoration. The **Boxxer 318's** heat and pressure pack a big punch and you can rely on it to continue running for a long, long time. It's an ideal marriage of high performance with an affordable price.

The new **HydraClutch™** pump clutch allows the solution pressure side of the machine to be turned off while performing flood and water extraction with your truckmount which reduces wear and protects components. The primary advantage is the machine does not require a water source to be connected to the machine to keep operating. With the pump turned off the machine will not add water to the recovery tank, as it no longer is required to pump high pressure water to maintain internal temperatures. This allows for an increased capacity in the recovery tank, maximizing your time in extracting water. This also enables the machine to be operated in any location as it is not necessary to be near a fresh water source.

**NEW!**

Do restoration work with  
standard HydraClutch™ pump clutch!  
★ Reliability: 44 years leading the industry!  
★ Maintenance made easy with easy access  
— ask your mechanic!

## Key Features

### BOXXER 318

- Stainless steel truckmount wand
- Easy to operate and maintain with high reliability
- Quiet operation
- Reliable, fuel-efficient Briggs & Stratton® 18HP Vanguard™ engine
- Competitor® SL 3006 Blower

### BOXXER 318HP

- Hard surface cleaning at 1,500 psi
- RX-15H Rotary Hard Surface Cleaning Wand - INCLUDED!
- Easy to operate and maintain with high reliability
- Quiet operation
- Finned Tube Heat Exchanger - 215°
- Competitor® SL 3006 Blower

- High Pressure Pump with HydraClutch™, 0-1,000 psi, 3.5 gpm capacity
- Finned Tube Heat Exchanger - 215°

- Reliable, fuel-efficient Briggs & Stratton® 18HP Vanguard™ engine
- High Pressure Pump with HydraClutch™, pressure from 0-1,500 psi, 3.5 gpm capacity

## The Boxxer 318 Series comes with everything you need to start cleaning!

#### Standard Equipment:

- Solution pressure adjustment
- Pre-wired pump-in switch
- Pre-wired APO Switch
- Water system drain valve
- Electrical circuit protection
- Solution temperature control selector
- 65 gallon MaxxAir™ recovery tank
- Battery box
- **Boxxer 318** - 100' of high performance solution and vacuum hose with stainless steel truckmount wand
- **Boxxer 318HP** - 100' of high pressure rated solution and vacuum hose with RX-15H Rotary Hard Surface Cleaning Wand.
- Van installation kit
- Operation & maintenance manual
- Embroidered HydraMaster jacket

#### Optional Equipment:

- Dura-Flow™ APO (auto pump-out) is externally mounted for easy service, no filters required
- RX-20™ rotary jet extraction cleaning wand
- DriMaster™ 3 upholstery tool
- Submount 70 gallon fresh water tank
- Thru-floor exhaust kit

**Available with an optional 100 gallon MaxxAir™ recovery tank**

- ✓ Do more jobs
- ✓ Less dumping
- ✓ Longer running times

#### Machine Specifications:

- Dimensions: 24"W x 31"H x 36"D
- Weight: 570 lbs
- Ignition: Electric key start
- Chemical System: last-step chemical injection, meter controlled
- Wand Capacity: Single
- Fuel Consumption: 1.0 gph
- Uses: Residential, Light Commercial and Restoration
