

PROCHEM.

Legend GT

Building on the Legend's proven track record, this unit delivers even better performance and longer life with single-stage finned tube exhaust heat exchange, a corrosion-resistant aluminum frame, and an engine oil cooler. All exhaust components are treated with Cerakote ceramic coating to reduce truckmount operating temps.

FEATURES

- **Front panel waste pumpout switch.** Convenient - operate optional waste pumpout from front of machine.
- **Simplified control panel.** Easy to operate. Front lower panel can be removed quickly for maintenance.
- **Stainless steel chemical pump.** Durable chemical pump resists corrosion to provide long service life.
- **Pulse isolating hose** reduces vibration caused by piston water pump.
- **Last step chemical injection.** Cleaning chemicals are added just as the water leaves the machine, helping to protect the water pump.

SIZES ▪ OPTIONS

- **72-LGT:** Legend GT with 90 gal. / 341 L waste tank
- **72-LGTHC:** Legend GT with 120 gal. / 454 L waste tank
- **68-416:** 60 gal. / 227L water belly tank (sold separately)

SPECIFICATIONS

- **Engine:** Kohler Command 0.67 L gasoline engine with oil cooler
- **Displacement Blower:** Gardner Denver 4MVL positive displacement blower
- **Solution pump:** General water pump producing up to 1200 PSI and 3.5 GPM
- **Console dimensions (W × H × D):** 32 × 33 × 39.5 in. | 81 × 83.8 × 100 cm
