

370 Truckmount

Top-selling truckmount with smaller footprint than other truckmounts, hotter water and more vacuum than the competition. Clean carpets, upholstery, hard surfaces – even do flood extraction – this versatile machine does it all. Plus, nanotech Cerakote ceramic coating on exhaust components reduces radiant heat by more than 30% to protect components and extend truckmount life.

FEATURES

- **Smallest cubic size in the industry:** Requires 50% less cubic space than other competitive models, freeing up precious van space
- **Thermostatic control:** Allows complete temperature control up to 250° F | 121° C
- **Longer belt life:** Unique powered through-frame cooling system directs air over drive belts, extending belt lifespan
- **Intuitive control panel** simplifies operation
- **Last-step chemical injection** ensures peak performance from water pump system

SIZES ▪ OPTIONS

- **72-370:** 370 with 90 gal. / 341 L waste tank
- **72-370HC:** 370 with 120 gal. / 454 L waste tank.

SPECIFICATIONS

- **Power plant:** 23 HP Kohler gasoline engine operating at 3000 RPM
- **Vacuum pump:** Gardner Denver TriFlow® Tri-Lobe 406 positive displacement blower.
- **Solution pump:** General HTXS1813S with an electric clutch operating up to 1500 psi and up to 3.4 GPM at 1478 RPM
- **Chemical injection system:** Last step injection
- **Frame construction:** 0.125 in. × 2 in. powder-coated aluminum box tubing
