Angie Henderson Tony Basile **OPTIMUM FLOORCARE** 295 Broadway Chula Vista, CA 91910

Dear Angie and Tony:

We previously sent a letter regarding SB-258, the Cleaning Products Right to Know Act (CPRTKA) of 2017. CA SB-258 will require manufacturers of designated cleaning products sold in California to disclose certain ingredient information on the manufacturer's internet website by January 1, 2020 and product label by January 1, 2021. Manufacturers of products sold in New York will need to comply with the New York State Department of Environmental Conservation's (NYDEC) Household Cleansing Product Information Disclosure Program by January 2, 2020.

As per CPRTKA, online disclosure is applicable to entities for which the product is made or distributed. We identified your company as an entity for which we manufacture a product you distribute. Therefore, your company may have compliance obligations under CA SB-258. Chemco Products Company hereby authorizes our private label customers to disclose ingredient information on their websites only to the extent required under CA SB-258. Our product formulas are highly confidential and any disclosure outside of the scope of CA SB-258 is strictly prohibited.

Attached is a CA SB-258 and NYDEC Ingredient Disclosure for the products we manufacture and private label under your company name. To the best of our knowledge, this document suffices for the ingredient disclosure requirements, which your company is responsible for disclosing on your company website.

Meanwhile, we are preparing to implement product label disclosures. We will provide an electronic digital link such as a Quick Response (QR) code to be placed on labels with the statement "For more ingredient information visit {web link}." In order to provide a QR code, we are requesting you provide the web link to the website ingredient disclosure page. We also ask that you send your product label(s), if you maintain and/or relabel, so we can review and ensure compliance is met with state and federal regulations.

When you have posted the Ingredient Disclosure on your web page, please email us at regulatory@chemcoprod.com with the web link and your product labels in PDF or Word format, if applicable.

In addition, October 9, 2019 ISSA will be hosting a Webinar: **What's Up With Ingredient Disclosure?** To register for this event, please visit https://www.issa.com/events/webinar-whats-up-with-ingredient-disclosure.

Please contact your sales representative if you have any further questions. You may also email questions to regulatory@chemcoprod.com. We will be happy to assist you.

Best Regards,

CHEMCO PRODUCTS COMPANY
