

HYDRO-FORCE™ INJECTION SPRAYERS

THE REVOLUTION CONTINUES!

The ORIGINAL injection sprayer just got BETTER!

Every once in a while, an idea comes along that revolutionizes an industry. The Hydro-Force injection sprayer did just that over 30 years ago when it was developed to dramatically improve how a technician applied chemical. The injection system allowed a technician to apply chemical faster and more evenly than pump-up sprayers, decreasing the time it took to complete a job and improving the quality of their cleaning.

Years later, the Hydro-Force sprayer is still an essential part of every cleaner's arsenal. With over 30 years of engineering and testing, the Hydro-Force injection sprayers have proven to be the most durable and trusted injection sprayer in the world.

HYDRO-FORCE REVOLUTION®

Injection Sprayer

Part Number: AS08R

For those that want to revolutionize how their spraying is done, the Revolution takes efficiency to a new level by allowing cleaners to dial in the exact concentration of chemical needed. Cut your spray time in half! Quickly apply prepsprays, deodorizers, tile and grout cleaning solutions, sanitizers, protectors and more.

BENEFITS

- NEW, patent-pending container design makes the Hydro-Force sprayer the most convenient sprayer on the market:
 - Large side-fill port – refill without removing the injector assembly
 - Wand holder to keep your wand off your customer's floor
 - Recessed handle – no more annoying velcro straps
- Operating pressure range of 100-1,000 PSI*
- Eliminates annoying mixing required by pump up sprayers
- Adjust dilution ratios on the fly – don't mess with metering tips!
- High-quality quick connects allow your gun to swivel and permits quick removal

SPECIFICATIONS

- 5 qt. transparent container w/qt. measurement markings
- Quick connects for swiveling and quick removal
- Spray gun rated at 2600 PSI and 7 GPM
- Knob-adjustable dilution ratios
- Chemically-resistant seals
- 18" stainless steel wand
- Rotomolded container
- Tethered cap

*Low pressure knob (NA0868) available for low operating pressures

Innovative 5 qt. container with built in wand holder and recessed handle.

Quickly add chemical with the new easy access **side fill port**.

Need more juice? Instantly change the **dilution ratio** to blast away greasy stains.

HYDRO-FORCE PLUS

Injection Sprayer

Part Number: AS08P

For those that want an exceptional sprayer at a great price. The Hydro-Force Plus offers many of the great benefits of the Hydro-Force Pro injection sprayer including the same durable spray gun, stainless steel extension and long-lasting injection valve.

BENEFITS

- Most affordable sprayer on the market
- Operating pressure range of 100-1,000 PSI
- Eliminates annoying mixing required by pump up sprayers

SPECIFICATIONS

- Blow molded, 5 qt. transparent container
- 7 dilution ratios using included metering tips
- Spray gun rated at 2600 PSI and 7 GPM
- Chemically-resistant seals
- 18" stainless steel wand

Stainless steel wand and high pressure gun will take a beating and ask for more.
