

HOSS 700 Rotary Cleaning Tool

Ready to get much better results with far less work? Engineered to maximize cleaning performance and reduce labor and dry times, the HOSS 700 is truly a game changer. With 700 deep-cleaning passes per minute, the HOSS 700 delivers solution at precise rates and agitates thoroughly to dramatically improve cleaning results. Plus, the down force created by the HOSS 700 combined with optimized vacuum flow results in maximum extraction, reducing carpet dry times by up to 30% compared to standard cleaning wands.

Glide options:

NextGen 1 glides provide smooth operation and thorough extraction on all carpet types. NextGen 2 glides ensure outstanding HOSS 700 performance with portable extractors. Glides can be changed out in just minutes with a screwdriver.

FEATURES

- 15 inch rotor cleans faster and leaves carpets dryer – and up to .5 inch from edges
- Full 2 inch vacuum flow with clear viewing tube – easily monitor cleaning progress
- Low-profile cleaning heads designed for cleaning under furniture – cleans within half an inch of edges!
- Industrial-grade gearbox. Rugged ball bearings ensure quiet operation and long life.
- Easily adjustable handle height
